NOT YOUR USUAL CAFÉ

Built for people always on the move,
Loko draws its energy from street culture, city chaos, music,
coffee, and the joy of slowing down once in a while.

Come by for a quick stop,
stay longer than planned, and make yourself at home.

**Some places serve coffee.
Some places become a mood.**

Loko was built for the in-between moments - late catch-ups, random plans, work breaks that become gossip sessions, first dates, creative spirals, and "let's just grab coffee" plans that turn into 3-hour conversations.

We like our coffees bold, our coolers refreshing, our playlists loud enough, and our spaces comfortable enough to make you stay longer than planned.

From iced coffees and signature drinks to comforting café bites and everyday favorites — everything at Loko is made to match your mood.

**Come for a coffee.
Stay for the vibe.**

Loko is the café expression of The House of Makeba — designed around beverages, conversations, comfort, and culture.

It's casual without being basic.
Creative without trying too hard.
And familiar enough to keep pulling you back.
