

## AN OPEN LETTER TO 4<sup>TH</sup> WARD RESIDENTS:

Throughout my tenure as 4<sup>th</sup> Ward Councilman, my highest priority has been to ensure that our residents would see continual improvements that enhanced our physical infrastructure, strengthened our business community, and made the overall quality of life even better than before. Today I can proudly say that we are achieving these goals. The record is clear:

### Responsible Budgeting:

- Continued Municipal Tax stability
- Smart and effective spending practices

### Infrastructure Improvements

- Maintained Park Infrastructure through regular upgrades
- Middlebush Park redesign/refurbishment

### Redevelopment/Business Development

- New Affordable Housing Units
- Increased revenue generating commercial space

### Public Safety Enhancements

- Expanded 4<sup>th</sup> Ward police patrols
- Implemented Sidewalk Safety Enhancement Program

Despite this progress, our job remains unfinished and that is why I am asking once again for your support in this year's race for 4<sup>th</sup> Ward Township Council representative. I encourage you to look through this website where you will see my plan for expanding upon our past achievements and my vision for an even better, stronger, and safer 4<sup>th</sup> Ward in the months and years to come.

Thank you for your past support and for what I hope will be your continued support in the future. Working with you, I know our greatest achievements still lie ahead.

Sincerely, Carl Wright

4<sup>th</sup> Ward Councilman

## Carl's Plan for the Future

Why I aspired to be Ward 4 councilman:

In 2005, I believed we were being forced to move to another location we could not afford because Our home was placed in an area that was declared an “area in need of redevelopment”. I had built my house, from the slab flooring to the roof, I knew where all the nails

were. After fighting for 2 years for my neighborhood, 6 blocks were removed from the redevelopment zone. The fight to exclude these 6 blocks from the redevelopment was the catalyst for today’s fight that remains in Ward four.

Everyone should have a voice in the township, and as your elected representative, I AM YOUR VOICE.

I continue the fight on municipal taxes, crime, speeding, home invasion, and crimes of opportunity while improving community activity, ward infrastructure, replacing ageing water and sewer mains, street repaving, reconfiguring crosswalks for handicap movement, installing sidewalks so that our children are not walking on the dangerous streets, promoting commercial activities, providing affordable housing for needy residents, and insuring WE receive our share of township dollars for our community.

When we discuss cannabis, let us not forget two things:

1. The tax revenue reduces your overall property tax bill
2. The township can undertake more social action programs and job training programs in collaboration with the FBOE.

Why reinvent the wheel when it's built.

Self-promotion is something I think politicians should stay away from, it can cloud your judgment, seeing your name in lights can cause you to lose sight of what needs and should be done. Working for your Ward is not a game of win or lose but is about what's right and what needs to be fixed.

You may not see my name on all these initiatives but know that I am behind each and every good thing that happens in our ward.

Thanks and God Bless.
