Passage 1 (Items 1 - 5)

One of the most bizarre inventions to win the Ig Nobel Prize in recent years is the "self-cleaning" toilet. Scientists _____(1)_____ on developing this toilet for several years, aiming to solve the problem of keeping public restrooms hygienic. The toilet uses a special cleaning system that _____(2)_____ after each use. By design, it removes bacteria and dirt automatically, without human intervention. While the invention might sound useful, many people have raised concerns about its _____(3)_____. Some argue that the technology has not been perfected yet, as the system has been reported to malfunction at times. The toilet is also quite expensive, which makes it less practical for widespread use. _____(4)_____ these issues, it has been praised for its innovation and for addressing the challenge of cleanliness in public spaces. The self-cleaning toilet has definitely raised more questions than answers, but it is an example of _____(5)_____ surprising inventions.

1.
 1. had worked
 2. will have worked
 3. have been working
 4. will have been working

2.
 1. activated
 2. activating
 3. is activated
 4. be activated

3.
 1. efficient
 2. efficiency
 3. effective
 4. effectively

4.
 1. Since
 2. Despite

 4. In addition to

5.
 1. how creativity and technology can lead to
 2. how can lead creativity and technology to
 3. how can creativity and technology be led to
 4. how creativity and technology can be led to

Passage 2 (Items 6 - 10)

In many countries, the tradition of gift-giving involves some very strange and unusual presents, each with its own cultural significance. For example, in Finland, people were giving "socks" as gifts during the winter season. These socks were often handmade, and they were seen _____(6)_____ a symbol of warmth and care. In other parts of the world, such as in some parts of Japan, people give gifts like "fugu" (pufferfish) to show respect, but it can be a dangerous gift _____(7)_____. One of the most unique and colorful traditional gifts is a _____(8)_____ ceramic dish, which is often considered a cherished, delicate, and meaningful keepsake. In the future, people may continue to exchange quirky gifts, _____(9)_____ they might start focusing more on experiences rather than material items. If these traditions hadn't been passed down through generations, we _____(10)_____ about them today. While these traditions may seem odd to outsiders, they often hold a deep meaning in their respective cultures.

6. 1. as
 2. by
 3. for
 4. with
7. 1. if not correct prepared
 2. if not correct preparing
 3. if not prepared correctly
 4. if not preparing correctly
8. 1. handmade small blue Japanese
 2. blue handmade Japanese small
 3. Japanese small blue handmade
 4. small blue handmade Japanese
9. 1. so
 2. for
 3. but
 4. nor
10. 1. will not even know
 2. might not even know
 3. may not even have known
 4. would not have even known

Passage 3 (Items 11 - 15)

Schools often have unique rules, but some stand out as _____(11)_____. For example, in South Korea, students are not allowed to dye their hair or _____(12)_____ in a way that draws attention. This rule exists to maintain uniformity and reduce distractions, but many students feel it limits their individuality. In Japan, some schools have strict dress codes requiring specific colors for underwear to match the uniform, _____(13)_____ debates about privacy. Meanwhile, in China, students in some schools must do eye exercises daily to reduce the risk of nearsightedness. While this is for health reasons, many find it odd that it is a mandatory part of the school day. In the UK, some schools _____(14)_____ best friends to avoid feelings of exclusion. These rules may seem strange to outsiders, but they reflect each country's cultural values. _____(15)_____, they certainly make school life more interesting!

11. 1. true unusual
 2. truly unusual
 3. true unusually
 4. truly unusually
12. 1. have it style
 2. have it styled
 3. have it to style
 4. have it to styled
13. 1. that has caused
 2. that it has caused
 3. which has caused
 4. which it has caused
14. 1. stop students to have
 2. prevent students to have
 3. ban students from having
 4. refuse students from having
15. 1. Whether or not they are effective
 2. Whether are they effective or not
 3. Whether or not are they effective
 4. Whether they are or not effective

Passage 4 (Items 16 - 23)

Dear Mr. Weasley,

It is my great _____(16)_____ to congratulate you on receiving the 100,000 baht Government Association Scholarship for the 2023-2024 academic year, _____(17)_____ will enable you to enroll in Hogwarts College. The selection committee _____(18)_____ your talents, achievements, and need for support in reaching your academic goals.

The funds will be given during the course of the following academic year. You can use the money to pay for _____(19)_____ during the pre-registration and registration periods, as specified in the scholarship. Any remaining funds may be used to purchase textbooks, school materials, and other school-related items in the Hogwarts bookstore. The remaining money will be transferred to your account approximately four to eight weeks after registration. We _____(20)_____ a booklet that will guide you through our scholarship program.

On behalf of the Scholarship Committee, I _____(21)_____ warmly congratulate you once again and _____(22)_____ you continued success throughout your college career. We _____(23)_____ welcoming you as a student at Hogwarts College. If you have any questions, please contact Mr. Harry Potter in Room 456 of our scholarship office in the main building or call (662) 456-7890.

Sincerely,

Professor Albus Dumbledore

4. look for

Passage 5 (Items 24 - 30)

In 1997, the average Thai person consumed 19 teaspoons of sugar a day. That's _____(24)_____ the amount of daily sugar intake recommended by the World Health Organization (WHO), which is only six teaspoons. More than a decade later, each Thai person consumes an average of 25.5 teaspoons of sugar per day, _____(25)_____ various campaigns to combat the nation's excessive sugar consumption.

A recent study by the University of Zurich shows that consuming too much sugar doubles the body's fat production in the liver. In the long run, this can _____(26)_____ the development of diabetes or fatty liver disease. To prevent health problems among Thai consumers, the Public Health Ministry aims to build health literacy among the public through health-promotion activities, lower-sugar recipes for drinks, and _____(27)_____. The ministry has therefore targeted sugary drinks in its latest campaign to limit _____(28)_____ among Thais.

The ministry signed a memo of understanding with health agencies to promote beverages with reduced sugar. In 2017 Thailand began taxing beverages _____(29)_____ more than 6 grams of sugar per 100 ml. The tax is adjusted every two years in a bid to reduce excess consumption of sugar and _____(30)_____ the industrial sector to adjust gradually.
