THE NATURAL GREEN OF MEDITERRANEAN

The Aegean's Flavor Class...

✓ Only the best olives are chosen when Oliovilla's unique olive oils are produced.
✓ Hand-picked olives from the vast olive trees of the Aegean are handled with care.

The Greenest, The Best....

✓ Oliovilla is the pinnacle of thousands of years of olive knowledge and experience which is required to produce a unique olive oil with its flavor and aroma.

✓ The harvest must be done at the right time and by hand so that the olives do not become bitter and rotten. To reach the freshest olive oil, the green olives must be squeezed immediately after the bedspread.
