## Welcome to Mix & Max Café

Before you dive into our menu,  
here's a little story behind it all...

Ever since we can remember, we have always been fascinated by how food brings people together, how every dish carries a story. We have spent years exploring flavors from across the country and beyond, tasting everything from traditional comfort food to modern creations overseas.

Owning a café has been a dream of us since we were young. It started with just coffee, simple, comforting. But slowly, with love (and a lot of trial and error!), we grew into something more.

Now, Mix & Max is a place where you'll find not only good coffee, but also food and desserts that we personally love and proudly want to share with you.

Every dish here tells a little bit of our siblings journey. We hope you'll feel at home, take your time and enjoy every bite with someone you love.

With Love,  
Us.
